Awesome additive. My 2007 Ford Focus uses 2.2 quarts. At 125,000 miles, my transmission was having issues with shifting, especially when cold. I read that changing the transmission oil would potentially help. I tried mixing Redline and this and it worked great for about 1000 miles and then went back to hard shifting.

Four, what type of fluid is the manual transmsiion fluid? Is it a heavier gear oil? I had a manual transmission Ford Mustang. It used Ford type F fluid, same as the automatic. My previous vehicle, a Jeep Compass 5-speed, used ATF+4 automatic transmission fluid in the manual transmission. I sometimes miss a shift, we all do.

Ford Focus maintenance. It's important to keep up with the Manufacturer's Recommended Maintenance Schedule for your Car or Truck. Doing so could save you hundreds of dollars on repairs down the road. Once you know the service you need, Openbay will get qualified automotive service professionals to perform the work for you.

### [Maintenance Schedule for Ford Focus | Openbay](#)

Your 2012 Ford Focus does not have a fluid dipstick for the transmission. These transmission types are planned to be maintenance-free. Sealed transmissions help to reduce the amount of bad transmission fluid being disposed of. A sealed transmission doesn't mean an inaccessible transmission. Your local Master Mechanic can check the fluid of a sealed transmission, however, the vehicle will ...
